THE STATE UNIVERSITY.

A Description of Nevada's Leading Educational Institution.

What Has Been Accomplished--Its Great and Promising Future.

A Biographical Sketch of President LeRoy D. Brown--Names of Students in Attendance.

STATE UNIVERSITY BUILDING, RENO, NEVADA.

Make No Mistake.
By dispelling the symptoms so often mistaken for consumption, SANTA ABIE has brought gladness to many a household. By its prompt use for breaking up the cold that too often develops into that fatal disease, thousands can be saved from an untimely grave. You make no mistake by keeping a bottle of this pleasant remedy in your house. CALIFORNIA-CAT-ER-CURE is equally effective in eradicating all traces of Nasal Catarrh. Both of these wonderful California remedies are sold and warranted by Osburn & Shoemaker, wholesale and retail agents. \$1.00 a package, 3 for \$2.50.

In Brief, and to the Point.
Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made American people a nation of dyspeptics. But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy. Remember--No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Bucklen's Arnica Salve.
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, feverish swellings, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson & Co.

Lost.
A LA 125 gold watch and fob chain was lost between Maple residence and the depot Hotel, on Tuesday the 26th. The initials "E. M." are engraved on the case of the watch. A liberal reward will be paid for the return of the same to Coffin & Larocque's store. sep21w

Removing a Serious Obstruction Gently.
Dynamite and giant powder might answer admirably to remove obstructions from St. John's Gate in East River, New York, but explosive measures in medication are ever attended with disastrous consequences. For instance, the bowels cannot be violently drenched with safety, nor is there the slightest necessity for so doing. On the contrary, it is most unwise. None but the purblind adherents of antiquated theories in medicine advise or sanction such a course. To weaken the intestines--the effect of drastic purgation--is to compromise the health of the entire system. With Hostetter's Stomach Bitters, on the other hand, the bowels are relaxed, not by a convulsion of nature approximating to an eruption of St. Peter's, but gradually, beneficially, without wrenching or straining. The liver and stomach, as well as the bowels, are toned and benefited by it.

Bringing Gladness.
To millions, pleasing their palates, and cleansing their systems, arousing their livers, kidneys, stomachs and bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. Fifty-cent and \$1 bottles for sale by Wm. Pinniger, Reno, Nevada.

When baby was sick, we gave her Castoria.
When she was a Child she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Remember--No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Shortness of Breath.
DR. PLANT'S HEART REMEDY should be taken at once when slight exertion or a hearty meal produces shortness of breath or a pain in the region of the heart. At all druggists, or J. J. Mack & Co., 9 and 11 Front St., S. F.

Happiness and Health.
Are important problems, the former depending greatly on the latter. Everyone is familiar with the healthy properties of fruit, and no one can afford to be sick and miserable while the pleasant California concentrated liquid fruit remedy, Syrup of Figs, may be had of our enterprising druggist, Wm. Pinniger, Reno, Nev.

Brace Up.
You are feeling depressed, your appetite is poor, you are bothered with head ache, you are drowsy, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whiskey, and which will ruin your health, and leave you in worst condition than before. What you want is an alternative that will purify your blood, healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters and only 50 cents a bottle at S. J. Hodgkinson & Co's Drug Store.

Many of the good things of life are sorrowfully let alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by

W. PINNIGER, Druggist.

Can't Sleep. is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c, 50c.

W. PINNIGER, Druggist.

The Only Perfect Remedy.
For habitual constipation, dyspepsia and kindred ills, is the famous California liquid fruit remedy, Syrup of Figs. It strengthens as well as cleanses the system, it is easily taken and perfectly harmless. Large quantities for sale by Wm. Pinniger, Reno, Nevada.

Babies That are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Cough Syrup. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by

W. PINNIGER, Druggist.

Unnecessary Misery.
Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. Fortunately, however, they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., Proprietors, San Francisco.

Fryer's Abietene Cough Balsam.
A positive cure for lung, chest and throat troubles. (Without Opium.) Price 75 cents. Sold by W. Pinniger, Reno, Nevada. All genuine Abietene preparations bear the fac-simile signature of D. F. Fryer.

Save The Children. They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by

SHILOH'S CURE will immediately relieve Croup, Whooping Cough and Bronchitis. Sold by Osburn & Shoemaker.

One of the distinguishing features of American society is the provision made by the people for the education of all the children and youth of the country at public expense. At the present time there is not a State or Territory in the Union without a system of public schools, at the summit of which is placed a school of high order denominated by the title of college or university. To this

THE STATE OF NEVADA IS NOT AN EXCEPTION.

The Constitution of Nevada wisely encourages the establishment and maintenance of a State University, and the Congress of the United States has, by liberal appropriations of public lands, made the creation of a permanent fund for the support of the University possible.

In 1874 the University was opened for the admission of students, Elko having been chosen as the site of the institution, Professor D. R. Sessions, an alumnus of Princeton, being the Principal of the preparatory department. In 1879 Professor W. C. Dovey, who is now the State Superintendent of Public Instruction for Nevada, became Principal. It was subsequently decided that the site of the University should be changed from Elko to Reno. This was accomplished in the Spring of 1886, and Professor J. W. McCammon, of Fallside, Nevada, succeeded to the Principality. In February 1887, the State Legislature passed an Act providing for the establishment of a Normal School in the University, and providing that the Board of Regents should appoint a President of the institution having a diploma from some recognized college or Normal School of good standing, having had at least five years of practical experience as an instructor, familiar with the modern methods of imparting instruction and indorsed as to moral character and qualifications as an instructor by the President and faculty of three institutions of learning authorized to confer degrees.

After carefully considering the qualifications of a large number of gentlemen residing in different parts of the United States, and distinguished for their learning, success in teaching and business ability, the Board of Regents appointed the Hon. LeRoy D. Brown, a brief sketch of whose life and work, taken from the Western Cyclopaedia of Biography, is appended.

LEROY D. BROWN.
The President of the Nevada State University, was born in Ohio, November 3, 1848. His boyhood was passed amid the rugged but wholesome influences of farm life. At the early age of 15 years, in the darkest days of the civil war, he became a volunteer soldier in the Federal army, and for two years bravely bore his part in the stern discipline of warfare. He was in many battles while in the armies of Crook, Sheridan and Grant, and was wounded at Cedar Creek, Virginia. At the close of the war he returned to the farm filled with the laudable ambition that he would acquire a good education. By attending school one year and teaching the next, he was prepared to enter the Ohio Wesleyan University in 1869. From this institution he was graduated in the classical course.

Having decided to make teaching his life work, he devoted himself closely to his vocation and rapidly rose to the head of his profession in Ohio. In 1883 he was elected State Commissioner of Common Schools, an office which corresponds to that of State Superintendent of Public Instruction in Nevada.

DEPARTMENTS.
In the University three departments have been organized, viz: Business, Normal and Academic. In the Business department spelling, reading, writing, arithmetic, English grammar and composition, history, book-keeping and the use of the type-writer will be taught this year, and it is expected that short-hand will be added to the Business course hereafter. President Brown is the acting Principal of the Normal department, and has direct charge of those who are fitting themselves for teaching. In this department all of the branches taught in the public schools of Nevada will be pursued by the students. In addition to this, the history of education, the school laws of Nevada, psychology, and the science of pedagogy will be studied.

Those who worthily complete the full course of study and training prescribed in the Normal department will be granted by the State Board of Education a first-grade license certificate, and such students as complete the elementary course prescribed, may, at the discretion of the Board of Regents, receive an elementary diploma, to the holders of which the State Board of Education will issue second-grade certificates. The wisdom of the legislature in establishing a Normal school in the University cannot be questioned, and the Board of Regents propose to make this school the equal of the best Normal schools in the United States.

In the Academic department, chemistry, geology and mineralogy, so far as they relate to the theory and practice of mining, agriculture and the mechanic arts, will be taught. Instruction will be given to students of chemistry in assaying, and when the classes in algebra and geometry have advanced sufficiently to justify it, the study of trigonometry, surveying and other branches of mathematics will be taken up. Students in this department will also receive instruction in physiology, physics, history, rhetoric and English literature. The study of Latin is optional with all who enter the University.

In brief, it is proposed to give a good practical education, tuition free, "incidental" expenses nothing, to all the young people of Nevada who are qualified to enter the University.

CLASSES ORGANIZED.
The following classes have been organized for work the present term:
1. Reading, "Swinton's Fifth Reader."
2. Elocution, "Sweet's Manual."
3. Arithmetic, Beginning "Fish's No. 2."
4. Arithmetic, Percentage, "Fish's No. 2."
5. Physiology, Smith's Elementary."
6. Physics, "Gage."
7. English Grammar, Beginning "Swinton's Grammar and Composition."
8. English Grammar, Syntax, Swinton's Grammar and Composition."
9. Algebra, Beginning Robinson's Elementary."
10. Algebra, Equations, 1st degree, "Robinson's Elementary."
11. Geometry, "Wentworth."
12. Latin, Beginning "Harkness's Latin Grammar and Reader."
13. Latin, advanced, "Grove's Latin Reader."
14. History of Education, "Hallman's Pedagogy."

THE SYNTAGMATIC LITERARY SOCIETY.
All of the students in the University belong to this society, and participate in the exercises, consisting of vocal and instrumental music, declamations, essays, debates, orations and drills in parliamentary laws. This is one of the practical features of the institution and is popular with the students. One afternoon of each week is profitably occupied with the work of the literary society.

EXPENSES.
Boarding and room rent may be obtained in good families in Reno at from \$5.00 to \$7.00 per week. Those residing at a distance from the University may obtain rooms and board by writing to the President.

LIBRARY AND CABINET.
A good library and cabinet have been purchased for the University, and new books are added to the collection each term. The beginning of a cabinet of natural history has been made, including a fine collection of Nevada minerals.

MISCELLANEOUS.
Professor Walter M. Miller, who has accepted the position of Professor of Mathematics and Natural Science, has for some years been the principal of one of the best high schools in Ohio. He comes to Nevada highly recommended by President T. C. Mendenhall, of the Rose Polytechnic Institute, Terre Haute, Indiana, and General J. W. Keifer, late Speaker of the National House of Representatives.

Miss H. K. Clapp, who is well known as a pioneer teacher in Nevada, will have personal charge of the lady students of the institution, and parents who send their daughters to the University may rest assured that Miss Clapp will faithfully and kindly perform her duties toward their children. In addition to the general supervision which the officers and pains-taking Board of Regents exercise over the University, the State Superintendent of Public Instruction is required by law to visit the University at least every three months, inquire into its condition and management and make a report to the Board of Regents, with such suggestions as he deems proper. Those who know Superintendent Dovey will have no difficulty to believe that this part of his work will be well done.

Besides the foregoing, the people of Reno feel proud of the University and take a lively interest in all that pertains to its welfare. They will in every possible way do what they can to make the stay of non-resident students pleasant and satisfactory.

Many other matters of interest might be written of our highest educational institution, but enough has been said to establish the fact that the State University of Nevada is worthy of the confidence and support of the people.

A SAN FRANCISCO paper states that Mr. George H. Daniels, of the Central Tariff Association, Chicago, is opposed to granting reduced rates for the annual meeting of the National Educational Association which it is proposed shall be held in San Francisco next July. This man Daniels is well known in the East as the paid agent of railroads that are forever bullying passenger rates, and as a man whose views are never sufficiently broad to enable him to see farther than across the track of the railroads he represents. On more than one occasion, he has worked against the interests of educational conventions, and at the meeting held in Chicago last July, it is believed that he was the chief deviser of the barbarous scheme which required thousands of lady teachers to stand in line during whole days together when the mercury was far up in the nineties in order to get their excursion tickets stamped. Daniels is both incompetent and ungentlemanly and the authorities of the roads centering in San Francisco, should see to it that his influence in fixing rates and arranging excursion tickets to this coast is reduced to what in every sense which makes real business men. Daniels himself is said to be nothing. We need a meeting of the educators of this country on this side of the continent, and the railroads should arrange for cheap tickets and the greatest comfort possible for those who attend the meeting, Daniels, to the contrary, notwithstanding; and rates to the meeting should be named now in order that teachers may have time to make their arrangements to come West in 1888.

TO-DAY'S issue of the GAZETTE contains an interesting article on the Nevada State University. Without education, and superior education, no people in any State or country can successfully compete with their neighbors for the best prizes in business and social life. One of the best signs of the future of Nevada is that her people are making better provision each year for the higher education of the youth of the State. The establishment of a university in Nevada was an act of the soundest statesmanship. To maintain the University and to make it one of the foremost schools of the United States should be the aim, as it is the duty, of every citizen of Nevada. Here at Reno, in one of the most beautiful valleys in the world, the young men and the young women of the State have the opportunity of qualifying themselves for useful and honorable positions in life. The GAZETTE has always had an active interest in the University and takes pleasure in presenting to its readers to-day the article relating to the institution.

TO-DAY Carson and Reno are separated by no Asylum, University or State Prison questions. The business houses of both towns are closed and the good people of the Capital and of this metropolis mingle to-day on our streets as the children of one common family. "Behold how pleasant it is for brethren to dwell together in unity!"

THE State Board of Education consists of Governor C. C. Stevenson, Secretary of State J. M. Dornier and Superintendent of Public Instruction W. C. Dorey. The selection of prominent educators for the faculty, the encouragement given to the normal training and assaying departments, as well as the academic department, is evidence that the Board is progressive and will continue to keep pace with the progressive spirit of education.

RENO is a recognized educational center. Now that the University has at its head a man of national reputation and of great executive ability, this institution is certain to command much more attention in the future than it has in the past. Already its number of pupils is increasing and its influence widening.

WHEN Cleveland advertises that he would not take a Presidential nomination as a gift, it is believed that he gives himself dead away.

NEW YORK has not had a cholera epidemic since 1849; Reno has not had such an epidemic since the year 1.

[PRESS DISPATCHES TO THE GAZETTE]

The Massachusetts Republicans. BOSTON, Sept. 28.—The main topic of discussion among the delegates to the Republican State Convention which began here to-day was the nomination for the Attorney Generalship. It seemed from the outset to be practically settled in favor of Hon. Albert E. Pillsbury. The choice for Chairman fell upon Francis Rockwell, of Pittsfield.

The platform was adopted without one dissenting voice. It lauds protective tariff, recommends a reduction of internal revenue taxation, asks Congress to carefully consider the tariff on sugar and to improve the administration of customs lands, condemns the suppression of Republican votes in Southern States and election frauds in Northern cities, demands a further extension of the national service law, arraigns President Cleveland for an array of shameful dismissals and disgraceful appointments and for indorcing the spoils machine in Maryland and elsewhere, declares that the Democratic party in Massachusetts stands with that party throughout the country in support of the doctrine: "To the victors belong the spoils;" demands a cessation of compulsory coinage of silver; asks for the passage of the national bankruptcy law and protection of fishery interests, without a yielding of the rights; demands a continued enactment of progressive temperance and favors a submission to a vote of the people of the Prohibition amendment to the Constitution.

After the adoption of the platform Senator Hear took the platform and in a brief address nominated Oliver Ames, of Boston, for Governor. The Convention at once nominated Ames by acclamation. For Lieutenant Governor, J. Q. A. Brackett; Secretary of State, H. B. Pierce, and for State Treasurer, Alonzo W. Bard.

The Grand Army Boys in Soak.

ST. LOUIS, Sept. 28.—Greater volumes of rain poured down this morning on the veterans of the G. A. R. than any day since their arrival. Everything was drenched, including the armor of the soldiers and civilians. Thousands of veterans, awaiting so long in wet and mud and realizing the predictions of the signal service officer for weather for to-day, started for home, yet there were untold thousands left and Grand Marshal Grier issued an order to prepare for parade, the army to move at 10 o'clock without fail.

When the order to fall in for parade was read at the various camps and headquarters, the men tumbled out of their tents and rooms and prepared for a battle with the elements with rubber coats and umbrellas and trousers rolled up. It was 1 o'clock when the column was formed.

Over-Confident Britishers

LONDON, Sept. 28.—On the Clyde, where the people are keenly interested in the yacht race, betting was in favor of the Thistle. Cable dispatches were published in the afternoon, saying the Thistle would certainly win a letter from a member of the Thistle crew, was quoted, in which the writer says: "The Americans may boast about the victory, but their yachtsmen know she has no chance." The victory of the Volunteer surprised the club men, who were awaiting news of the race. The result is a bitter disappointment to Scotch yachtsmen.

An Incipient Deluge.

GALVESTON, Sept. 28.—A News special from New Laredo (Mex.) says: News has reached here of the great destruction of property in Guerro and Mier, near Rio Grande, by the overflowing of that river and the River Mier. In Mier 200 houses were destroyed, and in Guerro about 50. No casualties are reported, but the loss will be large. The flood was occasioned by a cloud-burst in the mountains.

Destructive Fires.

TORONTO, Sept. 28.—Owing to the protracted drouth, the bush and forest fires prevailing throughout Ontario and Quebec, great damage has already been done, and unless rain sets in at once it is difficult to realize what the loss in the aggregate will be. Many farmers' families have been burned out.

Ship-Load of Mongolians Drowned.

LONDON, Sept. 28.—A Chinese transport has been wrecked on one of the Pescadore Islands. Three hundred soldiers and the Captain and crew, with the exception of one man, were drowned.

STATE NEWS.

A Digest of the Day's Delays Throughout the State.

Ormsby County.

[Tribune, Sept. 27.] John Wall, who has a wood yard in Carson and a ranch in the foothills, had his arm broken Sunday by the kick of a horse.

That a large and powerful steamer will be placed on Lake Tahoe next season is a foregone conclusion. It will be a passenger boat in every sense of the term.

The funeral of Lee Winnie was largely attended. The Carson Guard and fire department sent details.

The chances are that the Grand Central at Tahoe City will be torn down and that a more commodious house will be built near the old Station mill.

There is no longer any doubt as to the early commencement of the U. S. building, although from appearances the contracts will be awarded to Eastern folks.

Seven bars of bullion from the Garfield District were shipped per train to San Francisco last evening. Had we a Mint in Carson the precious stuff would have been left here for coinage.

Storey County.

[Chronicle, Sept. 27.]

William Gaines, a venerable colored resident of this city, was fined \$300 to-day for renting a dwelling house to courtesans outside of the limits prescribed. The house occupied by the alleged courtesans is located just south of St. Mary's Church, on south F street.

Private advices announce that ex-Senator Fair will arrive here about October 10th to see the California stamp and battery mills operated by water power and for the purpose of inspecting mining property controlled by the Nevada Bank management.

Eureka County.

[Sentinel, Sept. 26.]

The Alice, one of the most important mines in Eureka City, Montana, has been closed down. It took the bulk of the profits of the mine to pay the freight on salt demanded by the railroad.

Frank Clark was convicted September 29 of the murder of Earl Mullen at St. John's, Apache county, Arizona.

Mrs. Henry Rives and Miss Mand Rives returned home yesterday, from a camping tour in Idaho.

Nye County.

[Belmont Courier, Sept. 24.]

Jas. H. Crookwell had his hand badly burned on Sunday morning while trying to extinguish a blaze caused by an upset lamp.

Judge Bigelow will hold court in Nye county next month.

The Chicago M. & R. Co.'s mine in Ophir Canyon, Nye county, is looking very well, and the mill is running constantly. Last week the company shipped 13 bars of bullion, weighing 901 pounds, valued at \$15,915.00.

Storey County.

[Enterprise, Sept. 28.]

Dick Anderson an employee of the railroad company, was run into by the excursion train from Reno at the Mount House last night and thrown upon the pilot. He was taken to Virginia, when it was discovered that he had sustained a dislocation of the shoulder blade and two broken ribs.

The barn and stables of the Virginia and Gold Hill Water Company in Virginia were destroyed by fire last night. About nine tons of hay were destroyed. Loss \$4,000.

The Consolidated California and Virginia pan mill will start twenty additional stamps and ten extra pans to-night. This will make forty stamps and twenty pans now running on Consolidated California and Virginia ore, under the Boss Process.

Attention, Stockmen!

DR. FISHERMAN'S CARBOLIZED ALKALINE LOTION IS TO-DAY AHEAD
of all other preparations for the mercurial cure of STUCK. As an external remedy
it will be found unequalled for application to Sprains, Sores, (new or old), Alkali
Scars, Bruises, Galls, Swellings, Scalds, Thrush, Rheumatism, Mange, Itch and
Skin Diseases. It will strengthen and make straight weak knees and ankles. It is
invaluable as an internal remedy for coughs, colds, congestion or fever, and we sin-
cerely believe it is just the right remedy to use during the BRANDING SEASON, as
it will at once take out the fire and seal the wound over. We believe it will pre-
vent the marks and brands from becoming fly-blown. This lotion does not contain
turpentine, consequently does not torture the beast for hours. Price, ONE DOLLAR
per full quart bottle, which makes half a gallon of lotion. Please give it a trial.

Valuable Testimonials.

Messrs. LYNDE & HUGH—GENTLEMEN: I have used Dr. Fisherman's Carbolyzed
Alkaline Lotion, and I take pleasure in recommending it to the public. I consider it

Reno is well supplied with carpenters, and for the past eight months they have been busily engaged in building the many substantial buildings which now adorn our thriving and progressive town. Among the leading architects and contractors, Geo. E. Holesworth and M. J. Curtis take front rank, and the numerous handsome residences recently erected are monuments to their good taste and judgment.

Our jewelry establishments are as well appointed as many in more pretentious towns, and keep all the latest novelties in the jewelry line. Both are located on Virginia street, and are respectively presided over by B. Herz and L. Frederick, who enjoy the confidence and esteem of the entire community.

In regard to saloons, Reno can justly lay claim to possessing the largest and best appointed in the State. The Wine House, Union, J. J. Becker's, the Monarch, George Becker's, the retail department of Chamberlain & Thyes, Morris Ash's, Palace, and the St. Elmo are representative establishments, and vie with each other in dispensing the best of liquors and cigars.

The Lake House is essentially a family hotel, and as such is liberally patronized, many of our best families having their permanent residence within its walls. John Twiss and Charles Stoddard, both old Nevadans, are the proprietors.

T. T. Madux, D. D. S., although comparatively a recent arrival here, has built up an extensive dental practice, and numbers among his clients representatives from every section of the State.

John Sunderland's name is a household word throughout the State, and his magnificent store on Virginia street, filled with one of the largest and best stocks of boots, shoes, hats, clothing, furnishing goods, etc., in this section, are admired by all. He numbers his patrons and friends by the thousands, and every year sees an addition to his list.

The Palace Dry Goods Store, Morris & Levy, proprietors, is the latest candidate for mercantile favors, and that it is appreciated, is attested by the large number of friends and patrons the firm has made already.

Manning & Jaques, the largest firm of its kind in the State, are located on Virginia street, and do a large and increasing business throughout Sage-land. All orders for hardware, stoves, tinware, etc., entrusted to them, are always filled to the entire satisfaction of the purchaser.

C. J. Brookins, Nasby, C. H. Thurston and General Hagerman, who is also postmaster, attend to the stationery demand of Reno, and all have establishments which would be a credit to larger towns.

Our tonsorial establishments have, for neatness and good work, a State reputation, and an average of sixteen knights of the razor are kept busy attending to the wants of the masculine portion of the community. H. Morris, the White House barber; John Bels, of Commercial Row; Nick Hammer-smith, the pioneer of pioneers; Coleman & Gebhardt, and H. L. Mead are the razor-wielders in charge of the respective establishments.

The Reno Furniture Company is the name of a new establishment, and the newly erected building on the corner of Plaza and Virginia streets was especially constructed for its use. Furniture of all kinds is kept in stock, and the upholstery department is in the hands of competent workmen. Eagan & Oakes are the proprietors.

There is nothing more annoying than a tough bedstead, and nothing more pleasing than a nice, juicy, tender one. Fraser's meats can be masticated by a person without a tooth in his head.

W. M. Havenor's store is attracting the attention of those of our people who appreciate good groceries. His stock is all fresh, having the advantage of just coming from the wholesaler.

Coffin & Larcombe keep one of the most complete grocery stores in Reno. They have been clerks in different stores in Reno for years, and are familiar with the wants of our people. Their store is on Sierra street, north of the railroad track.

H. A. Winton keeps a full line of all the latest and most popular makes of boots and shoes. His stock of ladies' shoes is the most complete in Reno. Virginia street, a few doors south of the postoffice.

LOCATION.

This institution, founded in 1866, is situated near the village of San Mateo, which is noted for its beauty and seclusion; also for the equability and healthfulness of its climate. It is within twenty miles of San Francisco by rail, and easily accessible by carriage, and therefore particularly suited to parents in the city who wish their sons within reach in case of emergency. Trains of the Southern Pacific Company frequently, allowing visitors to go and return several times daily.

DISCIPLINE.

The Principal exercises a fatherly care and discipline over the pupils, seeking to influence and kindly lead rather than drive. The military discipline is used in a modified form, sufficient to secure regular exercise and erect carriage by drill, and habits of promptness and obedience, with orderly movements in the school-room. Experience has proved that the military drill, thus modified, is beneficial and not objectionable. Particular attention is given to the morals and manners of the pupils by both principal and teachers, it being considered an indispensable part of their training to make them gentlemen as well as scholars. This is the atmosphere of the school.

SESSIONS.

The school year is divided into two sessions of twenty weeks each. The Easter session begins about January 5th; the Trinity session about July 20th, with a summer vacation of eight weeks, and a winter vacation of four weeks. Pupils will be received at any time.

THE BANCROFT COMPANY

FOUNDED 1856.

INCORPORATED 1887.

THE HISTORY BUILDING

Upon the site of the Bancroft Building, Market Street, burned April 30, 1886, has been erected the History Building, one of the most elegant and substantial edifices in San Francisco. Its architecture is original and artistic, and the structure monumental, being so named in consideration of the historical efforts of Mr. Hubert H. Bancroft.

THE HISTORY COMPANY

(Founded 1882. Incorporated 1886)

Organized primarily for the publication of the Historical Works of Hubert Howe Bancroft, The History Company, occupying premises upon the second floor of the History Building, does a general book publishing business, acting at the same time as general agents for strictly first-class Eastern subscription publications.

THE BANCROFT COMPANY

H. H. BANCROFT, N. J. STONE, W. B. BANCROFT, F. A. COLEMAN, and T. A. C. DORLAND, all formerly connected with the house of H. H. Bancroft & Co., have incorporated under the name of The Bancroft Company, for the purpose of carrying on a Wholesale and Retail Book, Stationery, and Printing Business, with Agencies of the leading American and European Manufacturers. They have purchased the entire establishments of W. B. Bancroft & Co., and A. L. Bancroft & Co., stock, outstanding accounts, agencies, and good will, and have assumed the liabilities of the same. Places of business: The History Building, Market Street; Printing Office and Manufactory, Donohue Building, First Street. It is the purpose of this Company to conduct its business upon a high plane of respectability, efficiency, and popularity, second to none in the United States. The several departments are thoroughly systematized, and conducted by able and gentlemanly managers. It will be their earnest and constant effort to make the place an attractive rendezvous for all lovers of books, and all interested in novelties and the latest styles of goods in their line. Among the many specialties may be mentioned: Fine Stationery, Artistic Printing, Engraving, Wedding Invitations, Pianos, etc., etc. All the Popular Books promptly received and published.

VAULT STORAGE. In the erection of our new building, spacious vaults have been constructed absolutely fire-proof, dry and secure. We are prepared to receive, at a reasonable charge, boxes of silverware, trunks containing valuables, and other articles, to which the owner can at all times have access. Out-of-town patrons can send us their valuables with every confidence that the strictest care will be taken of them.

climate, being free from excessive
heat by day, and from chilly
night winds.

In the mid-summer month, July,
the average temperature at mid-

equal to those of any interior town

railroads running in the interior.
In addition to these railroad facili-

JOTTINGS.

Horse wanted. See 50-cent column.

Herz's jewelry is not excelled in Reno, Call and examine.

Robes, whips and harness, farm wagons and buggies at Longbaugh's.

If you want to know what real comfort is, supply yourself with one of those stylish White House suits.

W. Pinniger, the Reno druggist, has on sale in quantities to suit matured Thistle Dew whisky for medicinal purposes.

For good wood, a full cord guaranteed, go to Haynes & Algieri. Leave orders at Rube's butcher shop and Nelson's cigar store.

W. M. Havenor keeps the choicest brands of tea and coffee in the market. A supply of Booth's succulent bivalves just received.

Buy your grapes, vegetables, fruit and groceries of E. C. Leadbetter and you will always have the best at the lowest retail prices.

Now while Coffin & Larcombe are selling grapes and melons so cheap, is the time for you to buy them. A full line of choice groceries.

No matter how warm the weather, J. Frazier's meats are always hard and sweet, his market being the coolest place on Virginia street.

R. Herz is not only carrying a complete stock of the latest styles of jewelry, but is doing cleaning and repairing as low as it can be done anywhere.

The Virginia boys made a grand rush for Henry Morris' barber shop yesterday. They know Henry of old and they know that he always keeps the best article.

C. A. Thurston keeps smokers' articles of all kinds. The best five-cent cigar in the market he keeps. Pens, pencils, paper, books, and all periodicals in profusion.

By manufacturing his own candies, C. J. Brookins is never obliged to palm off a stale paste article on his customers. He also keeps the best five-cent cigar in town.

Instead of sweating over your sawbuck with a dull saw, buy some of J. J. Aiken's dry stove wood, cut any length wanted. He is also retailing pure mountain ice.

J. J. Becker has a cold lunch set at all hours, but between 11:30 and 2:30 each day there is a hot lunch spread, which is served free with a glass of Boca or Sacramento beer.

Wm. B. Miller, the famous Sacramento jeweler, keeps the most complete stock of goods on the coast. There is nothing "snide" in the store. When you go to Sacramento, don't forget to drop in at No. 825 J street, tell Mr. Miller you are from Reno and you will be well treated.

The store of Abrahams Bros. is closed to-day to give the employees a much-needed rest. They have been kept busy late and early during the last few weeks unpacking and arranging large invoices of new goods. As to-day happens to be the Jewish festival of Yom Kippur, Abrahams Bros. combine inclination with religious observance, and "take a day off."

Perhaps the best known and most reliable tailoring house on the Pacific Coast is that of Anderson & Johnson, of Sacramento. Mr. Johnson will arrive in Reno next week with a selection of the finest samples ever brought to town. They will consist of Fall and Winter goods, and satisfaction is always guaranteed. Those of our people who contemplate decking themselves out with new suits will do well to await the arrival of Mr. Johnson. His prices are in keeping with the times, and will satisfy all.

Col. W. M. Sutherland and wife, of Virginia City, are in town. The latter, who is in poor health, will leave this evening for California with her mother, Mrs. A. B. Waller.

THE STATE FAIR.

SEVENTH DAY'S DOINGS.

Another Pleasant Day and Large Attendance—Over 300 Carsonites Present—The Ballroom Assesses a Success—Reb. Davis, of Carson, Wins the Society's Gold Medal for the Bicycle Championship of the State—Notes—More Pavilion Exhibits—Etc.

Reno wore a holiday appearance this morning with its stores closed and the general people participating in the enjoyments of the State Fair. Last night's and this morning's trains brought in more visitors, and the number thronging the streets as early as 9 o'clock was large. Carson contributed probably 300, and nearly as many more arrived from the valleys north of town. Fully 200 came down from Virginia City. Another good program having been arranged for the day, travel to the fair grounds commenced before 10 o'clock, and for a time it was found unnecessary on the part of hackmen to yell for patronage, so great was the demand for seats in vehicles.

It is gratifying to note the interest displayed by visitors in exhibits and in the resources of Reno's immediate surroundings. While many Nevadans are anxious to locate in a permanent section, and thus better their condition, few show a disposition to leave the State, with its great possibilities and beautiful climate. In Reno they all see the elements of permanency, and several were heard to ask this morning: "If I decide to come here can you suggest a good business for me to engage in?"

The Races.

The mile dash yesterday afternoon was won by Lige Clark in 1:49, Mollie McShane second, Rock third. The free for all trot was won by Wallace G., Victor taking second money, and Col. Hawkins third; best time, 2:31. The three minute class trot was won by Reno Bell taking the last three heats, Sparkle taking the first two; best time, 2:36.

Fair Notes.

The Board of Directors this afternoon appointed the several committees to pass judgment upon the exhibits at the fair grounds and in the pavilion. Their reports are expected by Friday evening. On Saturday blue and red ribbons will be attached to exhibits winning prizes, the blue designating first premiums and the red second.

Several fresh and very choice lots of vegetables were placed on exhibition in the Pavilion to-day.

C. W. Friend, of Carson, makes a fine display of fruits and vegetables dried by Schmolz's process. The display comprises beans, peas, cabbage, carrots, Scotch kale, apples, peaches, pears, plums, etc., and attracts considerable attention.

Mrs. General R. M. Clarke, of Carson, makes a beautiful display of her own handwork that comprises silk and velvet bed-spreads with Kensington embroidery and lace; tidies in handsome designs; a piano cover in Kensington, outlined and feathered; hand-painted pin cushion and a table scarf in Kensington. The work is all handsomely mounted and finished beautifully. Some of it took prizes and diplomas at the Mechanics' Fair held in San Francisco a year ago. The exhibit attracts general attention and admiration.

Prominent among those on the grand stand this afternoon were Governor and Mrs. Stevenson, Secretary of State Dornier and wife, Warden McCullough and wife, Superintendent of Public Instruction Dovey, Deputy Internal Revenue Collector Dunne, Storey County Recorder Rose, Senator Foley and wife, Senator Keen and wife, and Colonel John Brady, of Virginia City.

Six fine Spanish merino bucks, belonging to Theodore Winters, arrived from California yesterday and are on exhibition to-day.

The ladies' tournament at noon was a pleasing feature. Miss Joe Kemler rode with the contestants, having, instead of a lady's saddle, merely a surcingle with a stirrup and horn attached. The ladies were required to change horse and otherwise display their horsemanship.

The balloon ascension at 1 o'clock was a decided success. Professor Muirroe having ascended fully 1,000 feet in the air, where he remained for several minutes and then alighted in the meadow opposite the Morton residence.

At half past 1 o'clock the Carson band was escorted onto the grounds by the Reno band.

The grand stand was crowded again this afternoon. It was estimated that, altogether, fully 4,500 persons were present.

The Indian pony mile running race was won by Pute Jim; time, 2:12. There were ten entries. The animal that would have won the race readily threw its rider, an Indian boy about 10 years of age, when within 100 yards of the wire.

For the mile bicycle race for the Society's gold medal for the championship of the State, the following entries were made: Robert Davis, Will Davis, Homer Thaxter, Curt Wright, Harry Thaxter, Wm. Day and Peter Gordon, of Carson; C. M. Fassett, Claud Jacques, L. E. Lee and Ed Barber, of Reno. Robert Davis won, with Harry Thaxter second and Homer Thaxter third; time, 3:24. C. M. Fassett came in fifth, the first one of the Reno club.

For the trotting race J. P. Sweeney entered Hattie L.; J. O'Neill, Jack and Alf Hill, William P. The first heat was won by Jack, William P. second and Hattie L. third.

Coming—under the head "Nevada"—interesting articles descriptive of Reno's churches, secret societies, State Insane Asylum, Mount St. Mary's Academy, public schools, School for Girls and other subjects that will be read by all who take any pride in Nevada's public institutions.

State Superintendent of Public Instruction Dovey, and Attorney General Alexander are in town.

T. B. Page, a prominent cattleman of Eureka county, arrived on last evening's train.

BREVITIES.

Local and General News.

The Pavilion looks fine.

Reno and Carson join hands.

The 40,000 copies of the GAZETTE are coming out.

"Going right out. All aboard for the fair grounds."

Holiday to-day for everybody except the poor newspaper people.

A quarts and tallings mill for sale. Price \$6,000. Enquire at this office.

The GAZETTE and STOCKMAN is the best paper for the subjects which it treats that is to be found on the Pacific Coast.

The DAILY GAZETTE has a larger circulation than any other paper published between Salt Lake City and Sacramento.

People from all parts of the State say that they read with interest what is written in these columns under the head of "Nevada."

The California State Fair closed on Saturday night, and was a brilliant success from beginning to end. Ours bids fair to be ditto.

The excursion train to Carson will not leave till 10 o'clock to-night. Lots of time to "take in" the Pavilion. Don't miss the opportunity.

Elko Independent: The Reno GAZETTE is now issued as a six-page edition and it is a credit to the enterprise of the "boys" who have it in charge. Success, lads.

Preble & Young, agents for the Thermait Color, California, received this morning a shipment of oranges to be placed in the Thermait exhibit at the Pavilion.

Aaron Gove, President National Educational Association, declines Supt. Dovey's invitation extended to him to attend the State Teachers' Institute at Reno Thanksgiving week.

The GAZETTE acknowledges the receipt of complimentary tickets to the annual Fair of the Ormsby County Agricultural Association, District No. 1, at Carson City, October 3d to 8th inclusive.

Joseph Leeb, whose death notice appeared elsewhere in these columns, for the past two years has been a ward of the State, being educated by the State in the school for blind at Berkeley, California.

Owing to the illness of the Secretary's wife and the physical indisposition of President Russell, the meeting of the executive committee of the Nevada Live Stock Association announced for last evening was postponed until this evening.

THE STATE UNIVERSITY.

As Seen by a Gazette Reporter To-day—The Building Admirably Adapted for the Purposes of a University.

As Fair visitors here in attendance from all parts of the State are interested in our State University, a GAZETTE reporter this morning took pains to get the following description of Nevada's leading educational institution:

The interior of the University building is admirably planned. The basement, which is dry and healthful, contains four rooms for janitor's family, three store-rooms and three rooms for assaying and laboratory work. On the first floor are the President's office, reception rooms, library, gymnasium, toilet rooms and the laboratory for experiments in physics. On the second floor are the assembly or lecture rooms, two fine recitation rooms and teachers' toilet rooms. The third floor contains the hall of the Zetaganthean Literary Society and the armory. The toilet rooms and the laboratories are all supplied with pure, fresh water by pipes connected with a large reservoir north of the University grounds. These grounds contain twenty acres, now richly covered with alfalfa. The Regents propose to have the grounds laid out by a skillful landscape architect, after which a portion of them will be planted in trees and the remainder devoted to horticulture and agriculture. With proper attention the University grounds will in a short time become the finest college campus on the Pacific Coast.

Railroad Changes Contemplated. For months the travel has been so heavy on the Central Pacific that the passenger trains east and west are run in two sections, one only a few minutes behind the other. Now the company intends to run one of the sections ten or twelve hours behind the other, so that there will be two passenger trains each way daily. This will be accomplished by making a through train of the daylight express now running between San Francisco and Reno. In place of stopping at Reno it will run through to Ogden. This will be a great convenience to persons traveling from points on the V. & T. and C. & C., who have heretofore been obliged to wait in Reno over night.

Murder in the First Degree. The jury in the case of the murder of John A. Scott by Charles Leaman at Burk's ranch, Lake Valley, Douglas county, on August 28 last, yesterday brought in a verdict of guilty of murder in the first degree. The jury was out two and a half hours.

Portraits! Portraits! The people of Reno and vicinity are now offered a good opportunity to have an excellent portrait made in any style or size and at very moderate prices. Attention is called to my display of pictures at Pavilion. Studio over Sunderland's shoe store, Virginia street, Reno. J. B. MONACO, Artist, sept. 21st.

The First National Bank. This Bank will close daily at 12 o'clock noon and open from 6:30 to 7:30 p. m. during the season of the Nevada State Agricultural Society, commencing Wednesday, September 21st and ending Saturday, October 1st (Saturdays included). By order of the Vice President. C. T. BENDER, Cashier. Reno, Sept. 20, 1907.

Lucky People.

Two of the coupons of ticket No. 50,225 which drew the capital prize of \$150,000 in the last drawing of the Louisiana State Lottery are held by persons in this State. George Smith, a grocer, residing at the corner of Fifteenth and Kirkham streets in Oakland, was lucky, enough to purchase one of the coupons, and now rejoices in the receipt of nearly \$15,000 as the result of his investment. Mr. Smith has long been known as a reputable merchant and as a prominent member of several German organizations of that city. The possession of such unexpected wealth in no degree affects his usual equanimity, and his demeanor under such circumstances proves him to be eminently fitted to bear such a stroke of good fortune. Some years ago, when beginning his present business in a small way, he contracted certain debts, which, on account of misfortune he was never able to pay. The very first thing that he now proposes to do is to liquidate every dollar of his past indebtedness and again stand before the world, owning no man anything. In the Spring he proposes to pay a last visit to the fatherland and to return to this country and continue his present business in Oakland.

The other coupon was sold to Mrs. Sam Fountain in company with another lady residing near Tehachapi, in this State.

In both instances within five days after the announcement of the drawing the money was in this city to the credit of the parties holding the tickets.

It is a singular fact that neither of the coupons were held by the original purchasers. The one held by Mr. Smith was first bought by Police Officer Anderson, of Oakland, and the other one was bought by Elmer Scars, a telegraph operator at Tehachapi, and by him resold to the fortunate owner.—San Francisco (Cal.) Chronicle, Sept. 3.

Hazle Kirke.

Another large audience was present at the theater last night to witness the second performance of the Brady-Webster company. The play, "Hazle Kirke," is one of the prettiest of modern productions, and it was presented last night in a manner satisfactory to the audience.

The part of "Pittie Green" seems peculiarly adapted to Mr. Brady, and appears to much better advantage than on the previous evening. Webster's "Dunstan" was well sustained throughout, and the scene wherein his blindness prevents him from going to "Hazle's" seems particularly well rendered. Miss Tittle and Miss Biggar were well up in their parts and did their work well. Altogether the troupe is far superior to the majority of companies on the road, and the indications are they will fill the house every night.

"Lynwood," a thrilling representation of scenes during the late civil war, will be produced to-night. It is one of the best plays in the company's repertory, and will no doubt draw well.

No. for Steamboat Springs. The war at Steamboat Springs is better this season than it has been for many years. It comes to the surface boiling hot. Visitors to the fair cannot spend a day more pleasantly than by taking a ride to Steamboat and enjoying a bath. The swimming bath is in fine condition and the local conditions are unsurpassed. Visitors can leave Reno on the regular morning train at 7 o'clock and return at 11 o'clock the same day or at half-past 7 in the evening. Steamboat is one of the most popular resorts in the State, and the prices are moderate.

Merit Will Tell. Was never better demonstrated than when "Fryer's Abolition Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Abolition Remedies" and is offering to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

The Washoe Seeress. Mrs. L. S. Bowers, the Washoe Seeress, is in town, stopping at the Reno Exchange Hotel, where she will remain until Monday next. Those desiring to call on her will find her at room No. 1.

Vitiated Blood Serofulous, Inherited, and Contagious Humors Cured by Cuticura.

THROUGH THE MEDIUM OF ONE of your books received through Mr. Frank T. Wray, druggist, Apollo, Pa., I have been cured of a skin disease known as SCROFULOUS ULCERS, and take this opportunity to testify to you that their use has cured me of a disease which has been incurable by some of the best physicians in our country. I take great pleasure in forwarding this testimonial, unadorned as it is by you, in order that others suffering from similar maladies may be cured. The year 1907 has been a trial. P. S. WHITTINGER, Leeburg, Pa. Reference: Frank T. Wray, druggist, Apollo, Pa.

SCROFULOUS ULCERS. James E. Richardson, Custom House, New Orleans, on each says: "In 1870 I was afflicted with a skin disease known as SCROFULOUS ULCERS. Every thing known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain. The disease lasted for years. No relief or cure in ten years. In 1880 I heard of the CUTICURA REMEDIES, and I bought a box. I took the CUTICURA REMEDIES, and I was cured. I am now a healthy man. Sworn to before U. S. Com. J. D. Crawford.

ONE OF THE WORSE CASES. We have been selling your CUTICURA REMEDIES for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of SCROFULOUS ULCERS was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA and CUTICURA SOAP. The patient takes the "cure" here as a medical soap.

TAYLOR & TAYLOR, Druggists, Frankfort, Kan.

SCROFULOUS ULCERS. And Contagious Humors, with Loss of Hair, skin Eruptions of the Skin, are positively cured by CUTICURA and CUTICURA SOAP externally, and CUTICURA RESOLVENT internally. Send for Free Book.

CUTICURA REMEDIES are sold everywhere. Price: CUTICURA, the Great Skin Cure, 50c; CUTICURA SOAP, an Exquisite Beautifier, 25c; CUTICURA RESOLVENT, the new blood purifier, \$1.00. PORTER DRUG AND CHEMICAL CO., Boston.

PIMPLES, Blackheads, Skin Blemishes and Baby Humors, use CUTICURA SOAP.

HOW MY BACK ACHES. Back Ache, Kidney Pains and Weakness, Soreness, lameness and Strains and Pains relieved in one minute by the CUTICURA Anti-Pain Plaster, infallible.

Hussey's Remedy

FOR...
BLACKLEG IN CATTLE.

I AM making a tour of this State, introducing the above-named Remedy.

It is infallible; I have the proofs. I guarantee my work. I treat cattle in herds that are dying, and warrant them for fifty cents a head never to die from the disease.

I have been treating cattle in California for nearly three years successfully, and have sold the Remedy to most of the principal stockmen in the State.

I am prepared to furnish satisfactory proofs of the efficacy of my invention.
